

DASSY® HORUS S3S FO SR ESD (25595)

LOWCUT SAFETY SHOE

DASSY® Horus is a versatile, trendy safety shoe in the DASSY® Safety shoes collection. Available in two colours: in white for painters and in black for professionals in the logistics sector, warehousing, etc. Meets the EN ISO 20345:2022 standard. It has an abrasion-resistant scuff cap, an 'S' perforation midsole and a slip-resistant outsole. Very light to wear and breathable as well. So comfortable that you hardly feel it. With an anatomically contoured footbed and Composhank. The dual-density sole and shock-absorbing heels reduce the impact on your feet. Made of water-repellent textile and microfibre, which makes Horus easy to maintain. Also suitable for women! Combine with DASSY® Leos laces.
