DASSY® ARIZONA (200778)

FLAME RETARDANT WORK TROUSERS WITH KNEE POCKETS

The DASSY® Safety Flame Retardant workwear does not only have a flame retardant finish, but also meets all design requirements for this type of workwear. For instance, all pockets have flaps or are placed under a specific angle to prevent sparks from falling into the pockets. Moreover, all metal components (e.g. snap fastenings, zippers) are concealed, both on the outside and inside, to avoid heat transfer.
