DASSY® VICTOR (710038)

T-SHIRT SUITABLE FOR INDUSTRIAL WASHING

Easily combine the DASSY® Victor T-shirt from the DASSY® Classic collection with your company colours for a uniform company or team outfit! This shirt is particularly suited for frequent cleaning in an industrial laundry. The fabric is both shrink resistant and colour fast. The reinforced shoulders are specifically designed to hang the shirt. And the extra reinforcement at the neck allows professional laundries to apply a washcare label for easy identification of the garment. Finally, there is also a special pocket for sewing in a laundry chip (e.g. RFID)!
