

DASSY[®] VERACRUZ WOMEN (710071)

POLO SHIRT FOR WOMEN

DESCRIPTION

The Veracruz polo shirt is your perfect base layer with reflective details on the shoulders and sleeves, and fluorescent elements on the side. The polo shirt from the DASSY[®] Logix collection has a handy chest pocket finished with reflective piping. And the breathable fabric at the back of the neck allows perspiration to escape easily. A winner when working outdoors in hot weather. Added bonus: a reflective DASSY[®] logo on the sleeve. It's all about the details! Not EN ISO 20471 certified.
