

DASSY® BRYCE (201130)

WORK TROUSERS

Work trousers with engineered fit. This means: a contoured waistband and pre-shaped knees and legs that ensure that these trousers are a perfect fit. The 2-way ripstop stretch fabric also guarantees great flexibility and wear resistance. The multifunctional tool pockets, extendable hem and adjustable waistband are classic DASSY® elements that complete the design. Available in a number of familiar colours as well as in a new, vibrant colour palette. Partially made of recycled polyester and BCI Cotton. Seen in DASSY ViVid®.
