

DASSY® CARTER (710027)

HIGH VISIBILITY UV T-SHIRT

This super light and breathable T-Shirt DASSY® Safety HiVis Carter is perfect when working outside in sunny weather. The shirt offers UV sun protection and thanks to an antibacterial treatment, it also neutralises disagreeable odours. The quick drying polyester fibres effectively wick moisture away from the body to keep you perfectly cool and dry at all times. For additional ventilation, underarm mesh panels were incorporated into the design. And since the reflective tape is segmented, this T-shirt is extra flexible, following every body move.

Product details

- segmented reflective tape of 50 mm
- round neck
- reinforced from shoulder to shoulder
- two-needle stitching around neck and bottom
- reinforced at the neck for washcare label (industrial washing)
- underarm mesh ventilation
