DASSY PROFESSIONAL WORKWEAR | 2016-2017

DASSY PROFESSIONAL WORKWEAR

DASSY is a European brand of professional workwear, specially designed for professionals in various sectors, including construction, road building and logistics. With over 45 years of experience in manufacturing workwear, DASSY offers workwear all across Europe, which stands for quality, functionality and durability. A commitment we continue to make!

It is impossible to imagine today's workplace without the name DASSY 'professional workwear'. With a focus on professional high-quality workwear, DASSY continues to grow its market share in over 20 countries thanks to an extensive dealer network.

OWN R&D

DASSY is in full control of the entire process, from design to logistics. All DASSY collections are developed by **an in-house creative and experienced Belgian R&D team**. From styling to packaging, they closely monitor every step in the development process.

DASSY >>
professional workwear

OWN PRODUCTION

The workwear is manufactured in **our own production centre**. This modern plant boasts the latest equipment, and a professional team sees to it that every piece of DASSY workwear complies with all standards and requirements so as to guarantee a maximum level of quality.

OWN WAREHOUSE

Apart from in-house design and own production, **the permanent stock of over 500,000 items** is managed under our control in our semi-automatic warehouse, which allows for a quick and correct daily delivery to over 1000 professional dealers across Europe.

TESTED BY PROFESSIONALS

THE REAL WORK

A strong brand needs a strong product, and who can decide on this better than professionals like yourself? That's why all DASSY collections are developed in close collaboration with the users and we also call upon **the DASSY TEST TEAM**: a group of professionals from diverse occupations and industries who test each model from the DASSY range in great depth. They assess the workwear based on its performances on the job, exactly where it matters most, without any concessions.

TESTED BY A PRO

DASSY D-FX

D-FX [abbr. DASSY-Effects] [DASSY collection]:
The effect or influence that certain workwear has on someone or something.

DASSY-EFFECTS - The **DASSY D-FX collection** leaves no one unmoved. Thanks to dynamic fits and energetic designs, this workwear distinguishes itself from the rest.

SPECIAL-EFFECTS - Whether it's bracing for a forceful wind, smashing through a brick wall or landing on the hard ground, with the right workwear, you can **create any special effect**.

PRACTICAL-EFFECTS - Experience the practical effects of a powerful technical design: water-repellent finish, Cordura® reinforcements and stretch fabric make a strong impression.

VISUAL-EFFECTS - The innovative designs in four exciting colours and added reflective details, produce **the desired visual effects**. Combine your work trousers with matching topwear to assemble an impressive work outfit!

DASSY DNA

EXTREMELY IRRESISTIBLE WORKWEAR

DASSY DNA stands for durable workwear that's also incredibly good-looking, hence "extremely irresistible workwear". This complete, innovative collection was specially designed for self-assured professionals who value durable workwear that also allows them to make a good impression.

Choose from great-looking trousers, sexy shorts, attractive jackets and brace overalls, available in five stylish colourways, suitable for professionals in a variety of occupations and industries. You can count on superior durability thanks to the extremely hard-wearing and **highly comfortable canvas fabric and additional Cordura® reinforcements** on high-wear areas such as elbows and knees as well as on the multiple pockets.

In short, DASSY DNA equals workwear that's both tough and easy on the eyes, adaptable to the specific needs of the professional. Hence **D**urable, **N**oticeable and **A**daptable.

DID YOU KNOW?

THE MODELS IN OUR DASSY DNA COLLECTION...

...are reinforced with Cordura®. Cordura® is known for its durability and resistance to abrasions, tears and scuffs. No wonder it is highly appreciated in the use of workwear, especially for high-wear areas. That is why the DNA garments have Cordura® reinforcements on the pockets, knees, elbows and shoulders (if applicable).

DASSY CLASSIC

WORKWEAR THAT DOES THE JOB FOR YOU

The DASSY professional workwear CLASSIC collection **offers you a comprehensive and high-quality range of professional workwear.** Every professional values a good work outfit. Workwear needs to fit, but especially needs to be strong and durable as well. DASSY workwear goes one step further and also makes work easier for you... so **“Workwear that does the job for you”** is more than just a slogan. We strive to make the performance of hard-working professionals such as yourself safer and more practical.

The CLASSIC collection is designed in such a manner that you can quickly and easily choose the correct combination of clothes completely in line with your specific work situation. Apart from the use of **durable and hard-wearing materials,** particular attention is therefore also paid to **functionality and comfort.** This makes that the CLASSIC line has everything to meet any professional needs.

DASSY SAFETY

To meet the growing demand for a **specific form of protection** when it comes to workwear, DASSY offers a SAFETY line, as a comprehensive range of products in our entire professional workwear collection.

Given that specific trades often entail certain risks that require a specially adapted form of protection, each of the following collections in the DASSY SAFETY range of products offers an advanced protection for different work situations:

- HIGH VISIBILITY
- MULTINORM AND MULTINORM-HIGH VISIBILITY PROTECTION
- FLAME RETARDANT

To guarantee this **high-quality protection**, all garments from these collections meet the European standards. In addition, every garment is provided with specific user information with more details on the standards met by the protective clothing, maintenance instructions and correct use of the clothing.

EN ISO 20471:2013
Certification for high-visibility protection during the day, at twilight and at night.

EN 343:2003+A1:2007
Protection against the rain, snow, fog and soil moisture.

DASSY SAFETY SHOES | THE WORKPLACE AT YOUR FEET

Professionals know the importance of good footwear all too well. After all, your feet have to endure much on a daily basis: being on your feet for many hours, remaining in uncomfortable positions and working on rough surfaces make a sturdy as well as flexible pair of working shoes indispensable. That's why DASSY safety shoes are not only light, supple and comfortable to wear, but also provide your feet the required protection so as to be able to work safely on any type of floor.

- **Anti-perforation sole, composite or steel toecap** and **shock absorbing** heels.
- **Breathable leather upper** prevents moisture accumulation or heating of your feet.
- **Water-repellent upper leather** keeps your feet dry at all times.
- A **flexible sole** supports your foot in any position and with any movement.
- For your ease of maintenance, dirt does not stick in the grooves thanks to the **specific sole pattern**.
